

# Newnan Utilities Compost Facility

**2034 West Highway 34 • Newnan, GA 30263 • 770-683-5516**  
**Open Monday-Friday 7:30 am - 4:30 pm**

In 2007, Newnan Utilities proudly announced the implementation of a long-term, practical solution for bio-solid reuse with the development of a composting program. This responsible choice resulted in the creation of a solid additive byproduct that is used in landscape applications. Our state-of-the-art composting site provides an alternative solution to landfill dumping, solidifying our position of accountable environmental management.

- Ease of entry and exit; completely paved for no rain delays
- Data collection system to provide a fast turn-around time for haulers
- Convenient location
